1. Definition

Authenticity rules are meant to be followed by all competitors attending Buhurt International tournaments, no matter the category. If a competitor shows up with an armor, shield or weapon that does not comply with the Authenticity rules, he/she risks a penalty.

2. Infraction Classification

During Authenticity Check, Authenticity officers will evaluate the entire equipment of competitors before the start of the tournament. Any violation of the Authenticity rules will result in an infraction. Infractions can be classified under 3 different levels:

2.1. Minor infraction

It is a small detail not easy to see, and it does not affect the coherence of the whole armor (small traces of rust, hammering marks, little datation difference between 2 parts etc.).

2.2. Moderate Infraction

It is something forbidden by the Authenticity rules (i.e badly designed helmet, over numerous eye bars etc.). Not respecting the rules can't be accepted, thus it is not severe enough to prevent the fighter from entering the list.

2.3. Major infraction

Fantasy armor or totally inaccurate equipment, that prevent the fighter from entering the list and damage the image of the sport, the teams and Buhurt International.

3. Application of the Rules

A violation of the authenticity rules will result in a green card. Depending on the rank of tournament, infraction will be applied differently.

A green card combined with a yellow card will result in a red card and the competitor will be disqualified from the tournament.

A competitor can receive only 1 green card per tournament, no matter how many infractions they have.

If a competitor fixes the issue(s) that warranted a green card, the green card can be removed after validation by the Authenticity Officer in charge of the event.

Green cards will be represented by a green ribbon worn at the competitor's belt. It is mandatory to keep it during the whole competition. Any removal of the green card will be considered as an attempt to cheat.

Only the Authenticity Officer in charge of the event can allow a fighter to remove the green card from their belt.
